

September 2014 Special News

8 pound largemouth - biggest ever caught at Whisperwood

Congratulations to Aaron Orsi for catching the largest bass ever recorded in Whisperwood history. August 28th 2014 was this historic day and as usual the end of season bite produces some of the biggest fish of the season and it certainly did this year and there are still three weeks left. Doug saw and certified this incredible giant bass and with all the 4, 5, 6 & 7 pound bass caught over the years it was only a matter a time before the 8 pound barrier would be crossed. For those of you wondering, the Maine State record for a largemouth bass is 11 lbs. 10 oz. and 8.0 pounds for a smallmouth bass. Knowing these lakes hold such giant bass is certainly more than enough incentive to try your skill - see what you can catch

End of Season Specials- Please call or email for pricing.

We have cabin space available for September and if you are looking for a relaxing way to end the summer and or a chance to catch the biggest bass of your life, please consider a visit to Whisperwood. The beautifully cool mornings, warm days and cool and great sleeping weather at night in the refreshing Maine air is just the ticket as we head into the fall season. Enjoy our beautiful wildlife with Eagles & Ospreys soaring. *Maine, the way life should be!*

Remember, to reserve your "favorite" cabin and special days during the season, please book early. Cabins are assigned on a "first come, first serve" basis.

Warmest always,

Doug & Candee
